MOBILE COMMAND

Rolling in with the right mobile field command resources can make a huge difference. First Priority's BlueTac line offers small, medium, large and extra-large solutions for public safety mobile command vehicles. Different missions and varied budgets mean one size does not fit all, yet BLUETAC easily frames your choices. Equipped to accommodate the latest technologies, drone support and monitoring, human interaction, data communications and broad incident support, BlueTac configurations help your leadership establish strong field command. From a few hours at a hostage stand-off to many weeks at a structural collapse, BlueTac is there to sustain operational backbone on the scene.
